

2014-16 Community Health Plan

Florida Hospital Oceanside and Memorial Medical Center conducted a Community Health Needs Assessment (CHNA) in 2013. With oversight by a community-inclusive Community Health Needs Assessment Committee, the Assessment looked at the health-related needs of our broad community as well as those of low-income, minority and underserved populationsⁱ. The Assessment includes both primary and secondary data.

The Community Needs Assessment Committee, hospital leadership and the hospital board reviewed the needs identified in the Assessment. Using the Priority Selection processes described in the Assessment, the Committee identified the following issues as those most important to the communities served by our hospital. The hospital Board approved the priorities and the full Assessment.

1. Promoting Health & Wellness, Chronic Disease: Cardiovascular Disease
2. Promoting Health & Wellness, Chronic Disease: Diabetes
3. Alcohol, Drug and Tobacco Use and Abuse
4. Health and Wellness Access

With a particular focus on these priorities, the Committee helped Florida Hospital Oceanside develop this Community Health Plan (CHP) or “implementation strategyⁱⁱ.” The Plan lists targeted interventions and measurable outcome statements for each effort. Many of the interventions engage multiple community partners. The Plan was posted by May 15, 2014 at the same web location noted below.

Florida Hospital Oceanside’s fiscal year is January – December. For 2014, the Community Health Plan will be deployed beginning May 15 and evaluated at the end of the calendar year. In 2015 and beyond, the Plan will be implemented and evaluated annually for the 12-month period beginning January 1 and ending December 31. Evaluation results will be posted annually and attached to our IRS Form 990.

If you have questions regarding this Community Health Plan or Community Health Needs Assessment, please contact Shannon Finley, Community Benefit Manager, at shannon.finley@fhmmc.org.

ⁱ The full Community Health Needs Assessment can be found at <https://www.floridahospital.com/community-benefit> under the Community Benefit heading.

ⁱⁱ It is important to note that the Community Health Plan does not include all Community Benefit efforts. Those activities are included on Schedule H of our Form 990.
